

MUHAMMAD SAJJAD

Front-End Developer | Associate Full-Stack Engineer

Mianwali, Pakistan | 03032681310 | muhammadsajjad1328@gmail.com

Portfolio: msajjad-wdgu.vercel.app | GitHub: github.com/muhammadsajjad381 | LinkedIn: linkedin.com/in/muhammadsajjad381

PROFESSIONAL SUMMARY

Highly skilled and detail-oriented Front-End Developer with complete production-level expertise in building interactive, responsive, and optimized user interfaces using React.js. Possesses solid foundational knowledge of backend engineering (Node.js, Express, RESTful APIs) and DevOps workflows (Docker containerization, CI/CD automated deployments). A versatile engineer capable of owning complete client-side development while collaborating on server-side architecture and integration pipelines.

TECHNICAL SKILLS

- Core Frontend (Complete):** React.js, JavaScript (ES6+), HTML5, CSS3, Vite, Redux Toolkit, Redux Persist
- Backend & APIs (Foundational):** Node.js, Express.js, RESTful API Development, MongoDB, MySQL
- DevOps & Automation (Basic):** Docker, CI/CD (GitHub Actions), Linux/Bash, Git/GitHub, Package Managers
- Styling & Graphics:** Tailwind CSS, Bootstrap, Framer-Motion, Recharts (Data Visualization)

PROFESSIONAL EXPERIENCE

Front End Developer (Intern) | OkraSoft Software House, Mianwali

September 2024 – March 2025

- Collaborated on designing and architecting highly responsive web applications using React.js and modern layout frameworks.
- Integrated client-side interfaces with backend RESTful APIs, improving system performance and data synchronization.
- Introduced basic Docker containerization to unify and streamline local development environments across the internship team.
- Built interactive analytics dashboards with dynamic, real-time visual data flows using Framer-Motion and Recharts.

KEY PROJECTS

RecruitAI (Final Year University Project) | React.js, Node.js, MongoDB, Python, Docker

[Repository](#)

Built an AI-driven recruitment platform. Designed the complete interactive React frontend and integrated Python/Node REST APIs for resume parsing. Containerized the frontend using Docker for consistent local testing.

Pharmacy Management System (Enterprise SaaS) | React.js, Vite, Node.js, MongoDB, Tailwind CSS

[Repository](#)

Developed a high-performance retail pharmacy platform featuring a flat, high-density UI. Implemented custom client-side clearance screens and integrated server-side inventory tracking APIs for predictive reordering.

SaaS Analytics Dashboard | React.js, Tailwind CSS, Recharts, GitHub Actions

[Repository](#)

Created a high-fidelity business intelligence dashboard with interactive charts. Established an automated continuous integration (CI/CD) workflow using GitHub Actions to run linting and build checks.

Personal Developer Portfolio | React.js, Tailwind CSS, Framer-Motion, Git

[Repository](#)

Designed, optimized, and deployed a highly responsive personal portfolio utilizing modern utility-first CSS and fluid structural component transitions.

EDUCATION

Bachelor of Science in Information Technology (BS IT)

2022 – Expected 2026

University of Mianwali, Pakistan

Relevant Coursework: Web Technologies, Database Management Systems (MySQL), Object-Oriented Programming (OOP), Data Structures & Algorithms, Software Engineering.
